# Editos

Jahorina, the Winter Olympic queen is the most modern ski centre in this part of Europe not only as a place of beautiful nature, but also as a place for organizing various cultural, social and sport events.

Therefore, we are very pleased to host the 15th EUROPEAN WINTER COMPANY SPORTS GAMES JAHORINA 2024, which will be held on the mountain Jahorina.

The mountain Jahorina has a rich sports tradition and ideal conditions for winter sports. It was the scene of major international sport events and athletes love this place during training and strength regeneration.

It is a meeting place for individuals and various sports clubs, which complete the training process here thanks to the favorable climate and appropriate altitude.

I believe that the organizers and participants of the 15th European Winter Company Sport Games JAHORINA 2024 will enjoy here and that the games will be their great pleasure.

I wish the organizers and participants of this event a successful competition, favorable weather, good conditions, quality sports results and a pleasant stay in beautiful surroundings.

**Velizar Djerić President SFKS**

The 15th EUROPEAN WINTER COMPANY SPORT GAMES JAHORINA 2024 will certainly be at a high organizational level.

The guarantee for that is the successful presentation of the Serbian Federation for Company Sport during the candidacy, as well as the long history and experience in organizing similar sports and recreational events.

Back in 1984, Jahorina was one of the stages for the Winter Olympics, held that February in Sarajevo. That year, Jahorina was the symbol of friendship and peace, promoting all religions, cultures and traditions, which all still holds true.

The fun and friendly atmosphere, excellent gastro and wellness offers are typical of this mountain and mean that visitors return home with tons of new experiences, charmed by everything Jahorina has to offer.

We are looking forward to welcoming competitors and guests from European countries, as well as numerous teams from Serbia and the region who will enjoy this beautiful event.

**Didier Besseyre President EFCS**
